New Activities

As a result of Owner feedback, Seana Miller has done an excellent job incorporating some of the great resources in the local community into resort activities. One of the most popular has been an hour-long kayaking tour around the scenic Glorietta Bay with a guide from Seaforth Boat Rentals.

The tour guide leads participants around the local golf course, underneath the Coronado Bridge and provides a closer look at the amphibious base from the water. It is a great way to learn more about the local history of the island and see some of the glorious wildlife. During the tour beautiful fowl, pods of dolphins, and sting rays can be seen.

This is an excellent activity for all ages. There are one-person or tandem kayaks so you and a partner can share the experience. Next time you stay we hope you join in this exciting new adventure.

Your Reserve Funds At Work

Since the last update in the fall/winter newsletter we have continued to improve your resort with some new additions and needed repairs.

The lobby is complete and looks amazing. The additional computer station for Owner use and new seating area in the rotunda are just some of the many improvements. If you haven't had a chance to see it, we invite you to come enjoy your new lobby.

Room Renovations

It is time again to upgrade the unit interiors! PD&A has provided the Coronado Beach Resort with a design scheme for the units which can be implemented over the next three years. The idea is to create a design that is compatible with the current unit interiors that stays consistent during the various planned stages of replacement. In addition, this design allows us to spread the cost out over a longer period of time without sacrificing the integrity of the units.

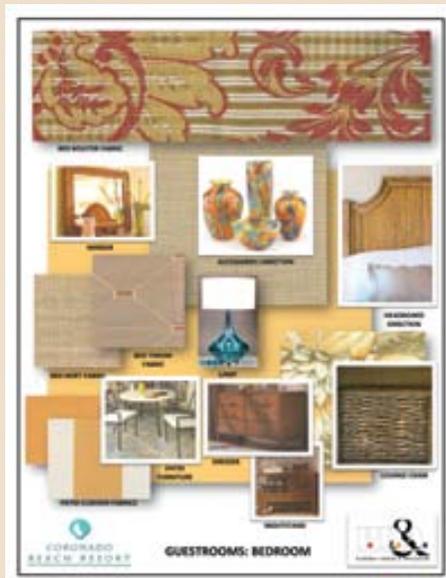

The plan is to begin the improvements with new carpet, painting, dishwashers,

The laundry is fully functional and the new terry and linens are being used. The upgrades to the quality of the linens allow for more comfort and durability. In addition, the new bedding packages provide a fresh, clean look to the bedrooms.

The garage gate motor and key pad were recently replaced. The best feature of the new key pad is that you no longer need the key card to enter. Now it is a punch key system where a number is inputted to access the garage. It is more convenient, and also eliminates the added expense of replacing the key cards that previously were used to open the gate.

artwork, lighting and removal of the existing wallpaper. These are scheduled for completion in early December of 2012.

The next phase, scheduled for 2013, will include all the upholstered goods, kitchen packages, refrigerators, and unit balcony furniture. The new chairs and couches will create a fresh feel in the units and there will be significant energy savings with the new refrigerators.

In the last phase, the case goods including dressers, night stands, tables, electronics and microwaves will be replaced. With the new dressers, the first floor will also receive flat screen TVs in the bedrooms. One of the best aspects of this renovation process is that the design team at PD&A is measuring each unit in detail to ensure that all configurations are perfectly proportioned.

I am very excited about all the great new changes at the resort that will continue to enhance your vacation experience. Hope you visit us soon.

Leon Martin, General Manager

Some exciting projects coming up in the near future include updating the color scheme of the building exterior. Upon completion, you will see that the new color accents some of the great features of the building. PD&A, who designed the newly renovated lobby, also designed the exterior look.

Important Resale Advisory For Coronado Beach Resort Owners

We have heard from some of our Owners that certain transfer companies are offering to transfer legal ownership of an Owner's timeshare in exchange for payment of upfront fees and execution of a power of attorney to complete the transfer. Owners receiving such offers may wish to consult with an attorney to confirm that a transfer of ownership and the corresponding maintenance fee obligation will occur as represented and any resulting sale or rental will be honored.

Similarly, if a marketer should ever offer an Owner the option to 'trade in' her or his timeshare in exchange for monetary credit against a new purchase, the Owner may wish to obtain comfort that the transfer of ownership (of the traded timeshare) and corresponding maintenance fee obligation will take place as promised.

Grand Pacific Resort Management values its Owners and supports efforts by the American Resort Development Association Resort Owners' Coalition (ARDA-ROC) to help timeshare Owners navigate through the secondary market. While some entities are legitimate resellers or rental agents of timeshare inventory, others are not. For additional information, Owners may wish to consult with their resort or visit ARDA-ROC's Timeshare Resale Resource Center at www.ardaroc.org/roc/resource-library.

Foreclosure Weeks Available Coronado Beach Resort

Your Homeowners Association has a limited number of foreclosure weeks available for purchase. These weeks are extremely well priced and are offered with several valuable incentives that add tremendous value to the purchase.

If you have ever thought of purchasing another week, this is your opportunity! This inventory is being offered to you, our owners first, before being offered to the general public.

Call to speak with Debbie Drastrup at (800) 285-3515. Inventory is limited, so please call today.
